Summary

I'm Sejal, a web developer hailing from Mandi, Himachal Pradesh. I completed my education in 2025. Since then I have been continuously working on my skills and personality. I'm also a six-months experienced person as an intern, having responsibility of developing websites.

Work Experience

PHP & Web Designing Trainee Intern

I9i Technologies | Dec 2025 - May 2026

- Completed internship training in PHP and Web Designing; learned real website development work.
- Worked on responsive web pages using HTML, CSS and handled basic backend tasks in PHP.
- Improved skills by working on projects, learning new concepts quickly, and completing tasks on time.

My Project

Tour and Travel Website

- Developed a responsive travel and booking website using HTML, CSS, JavaScript, and PHP.
- Designed user-friendly pages for tour packages, destination details, and online booking requests.
- Integrated dynamic features with MySQL database and ensured smooth navigation across all devices.

Blog Website

- HTML is used to structure the blog content like headings, paragraphs, and sections.
- CSS is used for styling the blog — managing colors, fonts, layout, and overall design.
- JavaScript makes the blog responsive and interactive for a better user experience.

Portfolio Website

- Developed a personal portfolio website using HTML, CSS, and JavaScript.
- Designed and implemented sections including Home, About, Skills, Projects, and Contact.
- Created a responsive and user-friendly interface to showcase skills and projects effectively.
